60th Anniversary Memorial Symposium

The relationship between Bhutan and Kyoto University started from 1957. Initially, professors of Kyoto University such as Takeo Kuwabara and Johji Ashida welcomed and guided Her Majesty Kezang Choden Wangchuck, the Queen of the Third King of Bhutan, in Kyoto. Following this memorial meeting, Kyoto University is aiming to build equal partnership in research, education and contribution to society with the Kingdom of Bhutan. Through this symposium, we welcome HRH Princess Ashi Sonam Dechan Wangchuck and President Juichi Yamagiwa, to provide a platform where the future can be discussed between Bhutan and Kyoto University.
